

## NEW PRODUCT RELEASE

### CRL605LED SERIES LED Combination Lamps

#### Description

The all new CRL605LED Series Jumbo LED lamps deliver quality, performance and durability for heavy duty applications. Featuring high visibility optics and modular design, the CRL605LED series can be customised to suit stop / rear position / direction indicator and reverse functions as required. Each module also incorporates an integrated reflector providing a complete compliant rear signalling solution. Constructed with ultra strong polycarbonate lenses with enhanced chemical protection, high reliability optics and toughened ABS base the CRL605LED series is designed to handle the toughest of conditions under constant operation. Suited to OEM and commercial vehicle applications.
