

PRODUCT DATA SHEET

CRL105 SERIES - LED COMBINATION TAIL LAMPS

Features:

- Heavy duty LED combination lamp
- Highly aesthetic optical design
- All in one solution for rear lighting
- Common dimensions for easy fitting
- Fully ADR approved

Description:

The Perei CRL105LED is a heavy duty multi-combination lamp which is suited to OE and aftermarket rear signalling applications. Featuring full LED stop / tail / indicator functions with built-in reflex reflector this lamp can accommodate the rear signalling needs of vehicles or trailer. A high impact acrylic lens and re-enforced ABS base allow for applications in the toughest of conditions. The ultra-high grade LED platform used in this lamp make it very reliable and durable.
