**WITH
RETAIL READY
DISPLAY PACKS**

Features:

- Ultra heavy-duty construction
- Designed for harsh environments
- Modular LED system
- Enhanced chemical protection
- Fully ADR Compliant

Description:

With ultra heavy-duty construction, the new Perei 505 Series Jumbo range of combination lamps offers ultimate quality, durability and reliability. Designed specifically for heavy-duty applications these lamps feature high heat and enhanced UV protective coating making the unit highly durable in most harsh operating conditions.

The triple module features a high strength ABS base with stop / rear position, rear direction indicator and reverse functions with integrated reflectors.

This Series is specifically designed to suit OE and heavy vehicle applications.
