

PRODUCT DATA SHEET NPL2 LICENCE PLATE LAMP

**WITH
RETAIL READY
DISPLAY PACKS**

Features:

- Wide angle optics
- Classic design now in LED
- Unique mounting system for easy and quick mounting
- Fully ADR compliant

Description:

The NPL2LED is a modern LED version of similar style conventional lamps. The NPL2LED has an innovative body mounting system making it a simple retrofit or for easy OEM production. Featuring six LEDs and wide angle optics, this light has Emark approval making it well suited for both trailer and vehicle applications.
