

PRODUCT DATA SHEET 7" HARD-WIRED FAN

Features:

- 360° Adjustment
- 12/24V
- Powerful Airflow up to 185CFM
- Compact Flat Folding
- 3 Speed + Timer
- Quiet 54DB Max

Description:

Experience powerful, quiet, and flexible cooling with Whitevision's new 7" Hard-Wired Fan. Designed for performance and versatility, this fan delivers up to 185CFM of airflow while maintaining a whisper-quiet 54dB operation — perfect for keeping cool in any vehicle or workspace.

Featuring 360° adjustment, it allows complete directional control, while its flat-fold design ensures compact storage when not in use. With three speed settings and an integrated power-saving timer, you can enjoy customized comfort without draining your battery.

Built for 12V or 24V systems, the fan is ideal for caravans, boats, buses, tractors, 4WDs, and virtually any mobile or static environment where reliable airflow is needed. Available in Black or White finishes, and designed for easy installation, the Whitevision 7" Hard-Wired Fan combines style, efficiency, and durability in one smart package.
